

THE ART  
OF A  
GREAT  
FINISH

**A** ARTISTIC<sup>™</sup>  
FINISHES

# WHEN YOU WANT THIS IS WHERE

Over 30 years ago, Artistic Finishes began finishing wood accessories in support of wood flooring installers. The goal was to provide the Perfect Finish for every flooring installation. Since then, Artistic Finishes has relentlessly improved their process to more efficiently meet the needs of those in the flooring industry.

Although the soul of Artistic Finishes remains that of a craftsman, they have enthusiastically embraced technology and innovation, making them the industry leader in quality and service.

Today, online ordering is easy. No minimum order is standard. Custom blending to any wood species is expected. These innovations alone, allow Artistic Finishes' customers to eliminate waste, control inventory and increase profits.

The craft of custom blending moldings and accessories for the flooring industry will always be the core competency of Artistic Finishes. But the future of the organization is firmly rooted in marrying their craft to new technologies and processes that allow them to give their customers exactly what they want, when they want it — Every Time. After all, the Perfect Finish is truly achieved when the customer is happy and profitable.

Through thick and thin, the market has come to trust that Artistic Finishes has the resources, supplier relationships, craftsmen, customer service and proven processes to provide the perfect solution for color blended and finished wood moldings, vents, stair treads and risers.

Become a member today and let us provide you with the Perfect Finish — Every Time.

GET A GREAT FINISH,  
WHERE YOU START.

#### ARTISTIC FINISHES MEMBERSHIP BENEFITS:

- No minimum order required
- Short lead times
- 150+ molding profiles and accessories
- Online ordering
- Proprietary color blending system
- Support 90+ wood species

## BETTER TOGETHER

Alone, Artistic Finishes and Moldings Online are great, but together we're better. That's why the two have become one. Artistic Finishes, the premiere pre-finished hardwood moldings manufacturer and Moldings Online, the largest hardwood moldings e-commerce website in the world are now your one source for expertly finished moldings. Join us, we're better together.

FINISHES

# CONSIDER THE MO

## CUSTOM BLENDED FINISHES

We pride ourselves on both the quality and quantity of finishes for our moldings. We have over 15,000 formulas in our color library that allows us to blend to any and all wood species. We offer countless oil, distressed, handscraped and special finishes; in order to blend with almost any wood, WPC, tile, slate, stone, laminate or LVT/LVP floor on the market.

We use nanotechnology ultraviolet cured top coats on all of our moldings (excluding oil finishes); the coat increases the surface hardness by 350 percent compared to conventional jobsite sealers and coatings. Before our products leave the factory, they go through a painstaking process of quality control to ensure their beauty and durability.

**SPECIAL FINISHES**

**STAINED**

**NATURAL**

**UNFINISHED**

To ensure our accessories blend as closely as possible to your floor of choice, we have a stain color check process:

- ✓ Apply stain to a trial strip of wood to test the stain color.
- ✓ Apply UV/oil coating to the test portion.
- ✓ Adjust the stain and top coat until the color blends to the flooring standard.

**SUPPORTS 90+ WOOD SPECIES, 150+ PROFILES AND THOUSANDS OF STAIN AND SPECIAL FINISHES**

# MOLDING. FINISHED.

## PRE-FINISHED MOLDINGS

### ENDURACOR™

Artistic Finishes is proud to present our exclusive new line of waterproof core accessories. *Enduracor* is more durable, more water-resistant and less expensive than the traditional solid wood molding. This product features our proprietary 4 layer design, making it one of the most technologically advanced products on the market.

### CORK WRAP VENEER MOLDINGS

We adhere a thin layer of cork veneer around a high-quality hardwood molding. The result is an excellent complement to your cork floor.

### LVT/LVP MOLDINGS

Our durable hardwood moldings are designed to upgrade the look of any LVT/LVP flooring application. Our exclusive stair nosing design offers an industry leading solution to any LVT/LVP project.

### WHITE PRIMED MOLDINGS

We believe our factory finishing methods deliver a superior product, yet we know there are situations where primed and unfinished moldings are desired. Our white primed moldings use poplar hardwood. All of our profiles and other hardwood species are available as unfinished moldings.

# PRODUCTS

**1 MILLWORK**  
Enhances a room adding charm and beauty.

**2 WALL BASE**  
Creates a formal border transition between flooring and walls.

**3 BASE SHOE/  
QUARTER ROUND**  
Creates subtle blend between wall base and hardwood flooring.

**4 REDUCER**  
Allows for a smooth transition between floors of different heights.

**5 THRESHOLD/  
SQUARE NOSE**  
Ideal for concealing expansion space along a vertical edge that cannot be framed.

**6 T-MOLD**  
Provides an attractive solution for transitioning between floor surfaces in adjoining rooms.

**7 COVE**

Creates a refined transition to cover gaps along a wall or stairs.

**8 STAIR NOSE**

Adds a professional, finished look to stairways and is designed to catch the brunt of foot traffic.

**9 TREAD**

Provides a pleasing, finished appearance on stairs.

**10 RISER**

Forms the vertical face of a step and provides transition between stair treads.

**11 STARTER STEP**

Creates a custom, one-of-a-kind piece which showcases your stairs.

**12 VENT**

Covers a duct opening creating a continuous looking floor.

**WE NEVER OVERPOWER A ROOM.  
BUT WE MAY BE THE MOST INTERESTING GUEST.**

We're not interested in providing "off-the-shelf" cookie-cutter options. We are pros serving pros in the business of moldings that can blend to any manufactured wood flooring project. Artistic Finishes empowers the craftsmen that demands flawlessly finished wood moldings and accessories to get more done, faster and with less effort. With Artistic Finishes the job will be done right and will turn your next project into a piece of art.

## MOLDING PROFILES

---

### MILLWORK

Bring a new level of sophistication to any project with our high quality artisan millwork. Our dynamic millwork designs used around doors and windows, cover the gaps between the frames and walls while providing incredible beauty and texture to any space with their bold and unique look. All of our millwork can be painted with any high quality latex based paint or stained to blend seamlessly with your selected flooring.

### WALL BASE

Our wall bases are designed to frame your space and can be stained to blend to any style of flooring while easily conforming to gentle curves and irregular surfaces.

**BASE SHOE/QUARTER ROUND**

Used to accent the transitions from the surface of the floor to the wall base, the base shoe/quarter round provides a subtle and beautiful blend between the floor gap and the wall. Adding this molding to hardwood flooring creates a gorgeous finished look.

**REDUCER**

Artistic Finishes' multi-purpose reducers are used to transition floors of different heights and/or different materials. This molding facilitates a smooth transition between flooring surfaces adding an extra special touch to your project.

**THRESHOLD/SQUARE NOSE**

The threshold/square nose is used in many different ways. Whether being used to ease the transition between surfaces of varying heights, along a sliding glass door or covering the gaps in style next to a stone fireplace.

**T-MOLDS**

Providing an attractive solution for transitioning between floor surfaces in adjoining rooms. T-molds ensure that there's no abrupt or unfinished edges that are unsightly or unprotected. Ideal for use in doorways and where floors of approximately the same thickness meet.

**COVE**

Refined, decorative transitions between vertical surfaces are achieved by using cove moldings. Perfect for use on stairways, joining cabinetry to floors and ceilings or other similar applications.

**STAIR NOSE**

Stair nosing adds a professional finished look to stairs. They are designed to catch the brunt of foot traffic while maintaining the overall beauty of each step.

WHEN IT COMES TO QUALITY AND ARTISTRY,  
WE NEVER MISS A STEP.

## STAIR TREADS & RISERS

---

Artistic Finishes leads the industry in providing custom color blended stair treads and risers, bringing your next stair project to a whole new level of artistry.

- Standard and universal tread styles provide solutions to any stairway.
- Factory finishing includes tough wear-resistant and high-tech sealers for superior scratch resistance and surface hardness.
- We manufacture to order with extra length, custom sizes, or special finish requests.
- 1-year warranty.

### STANDARD STAIR TREAD

Standard stair treads meet the needs of stair installations where walls are on both sides of the stairway. Each tread is  $\frac{3}{4}$ " thick with a full  $1\frac{1}{16}$ " bull nose for a striking visual appearance. By including a pre-notched bull nose, we allow for precise placement of the bull nose on the step.

---

### UNIVERSAL STAIR TREAD

Our universal stair treads come with a double return suitable for all open staircases. Returns provide a pleasing, finished appearance along the skirt board. Each universal tread comes complete with two 13" returns to eliminate confusion between right and left placements during ordering.

---

### STAIR RISERS

Risers form the vertical face of a step, and provide elegant transitions between each stair tread. Risers are ordered in  $\frac{1}{4}$ " and  $\frac{3}{4}$ " thicknesses. Available in unfinished, natural, stained and white primed for painted applications.

*\*Certain species may vary in size/style offerings.*

- The Starter Step Kit is manufactured to your specifications. The stair tread and riser assembly includes a rounded riser foundation, rounded cove and rounded base shoe.
- The starter stair tread may be purchased without the riser and molding assembly structure.
- The Starter Step Kit arrives ready for installation with no additional finishing required. Detailed installation instructions are included.

***The riser assembly is built with the highest quality workmanship. Kerf cut radius ends and solid wood construction provide ultimate strength and durability.***

## STAIR TREAD & RISER WAIVER OF SAMPLE SUBMISSION

Flooring samples allow our experienced technicians to analyze the wood flooring and produce the most appropriate color and finish based on the specific flooring material with which the treads and risers will be installed.

To best ensure that stairs and risers will blend with your wood flooring project, please submit a minimum of four 14" x 14" samples to set the color standard.

**BREATHE NEW LIFE INTO ANY ROOM.**

## WOOD VENTS

---

At Artistic Finishes we understand that every custom wood floor isn't complete without the Perfect Finish. That's why we manufacture pre-finished hardwood vents at the same time as your other accessories.

- Our factory-finished products include tough wear-resistant and high-tech sealers for superior scratch resistance and surface hardness.
- Available in flush mount and surface-mount/drop-in styles, with or without dampers.
- 1 year warranty.

## SURFACE MOUNT VENTS

Surface mount vents are the perfect choice for use with any floor type. Easily drops into the duct opening, and with a rounded surface, overlaps any rough edges in the floor.

## CORNER BASE VENTS

Designed as an elegant and beautiful solution for vents located low on baseboards, the corner base vent covers the entire opening, showing its fine craftsmanship.

## FLUSH MOUNT VENTS

Flush mount vents come complete in their own frame, which mounts flush to the wood floor. Installation occurs at the same time as the floor.

## UNDER CABINET VENTS

Elegantly complements any cabinet by replacing the standard metal vents supplied in the toe kick plate. Provides ample airflow and includes magnetic clips to easily attach and remove the vent.

## WALL MOUNT VENTS

Wall mount vents are available in flush or surface styles. Use them for any of your HVAC or wall air return vents. Wall vents used as speaker covers for intercom systems gives a nice, upgraded look.

## ROUND VENTS

Round vents provide an appealing finishing touch to round duct openings in walls, ceilings, or floors. Available in either flush or surface-mount styles.

FOR MORE INFORMATION ON OUR CUSTOM VENTS VISIT: [ARTISTICFINISHES.COM](http://ARTISTICFINISHES.COM)

## WARRANTY COVERAGE SUMMARY

Artistic Finishes warrants to the original purchaser that our moldings and accessories will be free of defects in materials and workmanship; however, the products are not warranted against excessive force, heavy foot traffic or accidental breakage. Artistic Finishes warrants that its custom, factory-applied finish will not chip, peel, or wear

through to the wood, under conditions of normal residential use, for the period of one (1) full year following purchase. Natural wood characteristics such as mineral streaks, small knots and grain variations are to be expected and are not considered defects. This warranty applies to the original purchaser of Artistic Finishes factory-finished products for residential use, for the duration of the stated warranty period.

## ACCOUNT SETUP PROCESS
